Room151's LGPS Quarterly Webcast
July 14th, 2021 – Register here

Missed our last LGPS Quarterly Webcast? Watch it here.

China: Growth & ESG

China is the growth opportunity that global investors have described lately as being 'too big to miss'. In our next LGPS webcast we ask why China is poised to retain its position as fastest growing global economy, what are the opportunities, and how compatible will investing be with strategies underpinned by ESG?

Agenda

10: 30 Welcome by Peter Findlay, Publisher, Room151
